Our walk in bloods clinic will be running with a reduced capacity until 16:00 today (Tuesday 10th December) due to staff sickness.

We ask for your patience when attending today, and apologise for any inconvenience this may cause, and thank you for your understanding.

Fans

New Fans/Followers: The number of new likes of your Pages gathered over a period of time

Engagement

Post engagement rate: The average engagement rate for all your posts, calculated as the sum of engagement rates for each post divided by the number of posts. The engagement rate for a post counts the percentage

Post engagement: The number of likes, comments, and saves received by all your photo, video, carousel, and reel posts

Reach

Post reach: The total number of unique accounts that have seen your posts

Page impressions: The number of times any content from or about your Pages was displayed on a person's screen. Content includes posts, ads, feed stories, and more

Others

Page comments: The number of comments received by your posts and by other Facebook posts where people mentioned your Pages, checked in into your places, responded to your events, and liked your Pages

Top posts: A visual representation of your top-performing posts

Profile visits: The number of people that have visited your Instagram profile within the selected time frame
